

# REPLACING YOUR EXISTING DOOR OR UNIT

Use our measure guide to measure your the existing door when you're ready to upgrade it to fiberglass! Print this measure guide and record your measurements in inches. If you have double doors, simply measure the active/main entry door. If you have sidelites, simply measure the exposed glass in one of the sidelites using steps 5 and 6. In addition to this measure guide, please take and bring a few pictures of your door as well! For all door orders, our in-house, licensed contractor will remeasure for accuracy after a 50% deposit has been completed. Grab a measuring tape, open your door and start measuring!

- 1 Width of the door \_\_\_\_\_ inches
- 2 Height of the door \_\_\_\_\_ inches
- 3 Width of the sidelite's exposed glass only \_\_\_\_\_ inches
- 4 Height of the sidelite's exposed glass only \_\_\_\_\_ inches
- 5 Full width of door unit \_\_\_\_\_ inches
