

# UPGRADING THE GLASS IN YOUR DOOR

Use our measure guide to measure the exposed glass when you're ready to upgrade the glass! Print this measure guide and record your measurements in inches. If you have double doors, simply measure the exposed glass in the active/main entry door. If you have sidelites, simply measure the exposed glass in one of the sidelites using steps 5 and 6. In addition to this measure guide, please take and bring a few pictures of your door as well! Grab a measuring tape, open your door and start measuring!
